

Thortex has been advising the Pharmaceutical Industry as well as animal health, biotech and chemical businesses for many years on all aspects of building maintenance and protection. Our range of environmentally friendly, water based and solvent free products have proved to be the ideal solution, giving high performance cost-effective and long-term protection.

Thortex products for the Pharmaceutical Industry include:

- ✓ Hygienic wall coatings
- ✓ Impact resistant wall coatings
- ✓ External wall protection coatings
- ✓ Fire retardant coatings
- ✓ Hardwearing floor coatings
- ✓ Floor resurfacing screeds
- ✓ Safety surfacing systems
- ✓ Concrete repair materials
- ✓ Roof waterproofing coatings
- ✓ Corrosion protection systems
- ✓ Chemical protection systems
- ✓ Insulation materials

How to avoid problems with buildings and structures...

PRODUCTION AREAS

Protect all surfaces against bacteria, the build up of dirt and contamination. Impact, abrasion and chemical damage as well as slippery & dangerous floors. Rapid wear and damage caused by regular intensive cleaning. Damage to sensitive equipment from static electricity.

CLEAN ROOM & LABORATORY FLOORS

Protect against bacterial and microbial growth, the build up of contamination, slippery surfaces and damage brought about by strict cleaning regimes. Damage to sensitive equipment from static electricity.

PLANT ROOMS

Protect against risk of fire, oil & grease contamination, erosion/corrosion of internal surfaces. Slippery, broken and dangerous floors.

CLEAN ROOM & LABORATORY WALLS

Protect against the growth of destructive bacteria and microbes, impact & abrasion damage and fire risk.

HOLDING TANKS & BUNDS

Protect against corrosion of internal & external surfaces and contamination of the contents of each tank. Protect against the damage caused by hazardous chemical spillages & leaks and chemical fires.

EXTERNAL WALLS & CLADDING

Protect against water penetration, weathering, degradation and chalking caused by constant exposure to the environment and industrial emissions.

STAFF FACILITIES & CHANGING AREAS

Protect against transfer of dirt and contaminants to clean rooms/laboratories/production areas, slippery and dangerous surfaces, damage caused by impact and abrasion.

ROOFS & ROOF LIGHTS

Protect finished goods, raw materials and machinery against water damage caused by leaks, damaged roofs and roof lights.

STORAGE & DISTRIBUTION WAREHOUSES

Protect against damage to all types of floor and wall surfaces caused by vehicles/pallets/products/personnel in these very high use areas, product/chemical spillages and slippery floors.

STRUCTURAL STEELWORK

Protect structural steel against rapid failure in the event of a fire and damage caused by corrosion and chemical attack.

The Thortex Solutions...

Production Areas

Thortex Solutions: Water based low build and solvent free high build floor, wall and ceiling coatings and resin screeds that provide hygienic, seamless, slip resistant, chemical and impact resistant finishes fully meeting USDA and FDA requirements. Aseptic and anti-static systems also available.

External Walls & Cladding

Thortex Solutions: Waterproof & weatherproof, clear & coloured coatings and repair products for external surfaces. Specialist single coat systems for the refurbishment of degraded Colorcoat® HPS200 cladding.

Clean Room & Laboratory Floors

Thortex Solutions: Hygienic, odourless, water based low build & solvent free high build coatings and resin screeds which offer bacteria resistant, seamless, crack resistant finishes with superior impact and abrasion resistance. Rapid drying and anti-static systems available.

Clean Room & Laboratory Walls

Thortex Solutions: High bright white, water based, aseptic wall & ceiling coatings which offer outstanding impact resistance with Class 1 surface spread of flame & Class 0 fire propagation classifications.

Staff Facilities & Changing Areas

Thortex Solutions: Hygienic floor & wall resurfacing systems with excellent slip resistance which provide easy-to-clean and maintain, mould and bacteria resistant finishes with superior impact & abrasion resistance.

Storage & Distribution Warehouses

Thortex Solutions: Seamless, impact & abrasion resistant, anti-slip, low & high build floor coatings and resin screeds formulated to resist most industrial chemicals. Concrete repair materials for damaged floors and vertical/overhead surfaces. Hygienic, impact resistant and fire retardant wall coatings.

Plant Rooms

Thortex Solutions: Specialist internal & external coatings with excellent resistance to a wide range of industrial chemicals. Superior adhesion to most surfaces with good impact resistance.

Holding Tanks & Bunds

Thortex Solutions: Corrosion and chemical resistant coatings & linings for internal/external use with excellent impact and abrasion resistance. Ideal protection against most chemicals, even in permanent immersion conditions.

Roofs & Roof Lights

Thortex Solutions: Waterproof & weatherproof coatings offering protection to all roof surfaces for up to 20-25 years. Instant weatherproof coatings that can be applied, even when raining. Clear coatings for roof lights designed to withstand the severest impact.

Structural Steelwork

Thortex Solutions: High performance coatings for all steel surfaces with excellent corrosion and chemical resistance. High gloss, colour stable, decorative coatings and specialist fire protection systems available.

Solutions for the Pharmaceutical Industry
The Thortex range of high performance protection systems provides pharmaceutical, animal health, biotech and chemical companies with hygienic, seamless, aseptic, chemical resistant, easy-to-clean and maintain finishes for all surfaces operating in the most aggressive industrial environments.

These products are manufactured using the latest technological advances, which means that they will perform well beyond the stringent requirements laid down by the Pharmaceutical Industry, ensuring you receive the highest level of protection.

Our commitment to the research and development of superior water based and solvent free systems has resulted in several national and international awards.

Our Commitment to the Pharmaceutical Industry

Thortex provides a complete professional service for pharmaceutical, animal health, biotech and chemical companies. We are able to visit any site and advise on the use of our products for the protection of buildings and structures. Thortex provides full working recommendations on the application of its products and gives all required advice and support during their application. We also offer a total project management package. Our success is based upon the quality of our products and the high level of service that we provide.

Key Organisations supplied with Thortex Products:
Here are some of the pharmaceutical, animal health, biotech and chemical companies we have supplied and worked with:

United Kingdom Referrals

Bayer Plc, Bromsgrove	Great Lake Fine Chemicals, Halebank
GlaxoSmithKline, Coleford	ICI, Billingham
GlaxoSmithKline, Barnard Castle	ICI, Runcorn
GlaxoSmithKline, Irvine	APS Berk Pharmaceuticals, Eastbourne
GlaxoSmithKline, Speke	Lundbeck Pharmaceuticals, Seal Sands
Pfizer, Sandwich	Lambson Fine Chemicals, Castleford
AstraZeneca, Loughborough	Laporte Industries, Widnes
Boehringer Ingelheim, Bracknell	Askit Powders Ltd, Glasgow
Veterinary Laboratories Agency, Addlestone	Crosfield Chemicals, Warrington
Medeva/Evans Medical, Speke	Ernest Jackson & Co Ltd, Crediton
Medevale Pharma Services, Ashton-under-Lyme	James Robinson Ltd, Huddersfield
Roche Products Ltd, Dalry	Thornton & Ross Ltd, Huddersfield
Seaton Healthcare Plc, Oldham	Vitapharm, Lockerbie
Sequani Ltd, Ledbury	Whyte Chemicals Ltd, Old Denby
Dupont UK, Gloucester	Wrafton Laboratories, Braunton
Eli Lilly Ltd, Basingstoke	Zeon Chemicals Europe Ltd, Barry
Eli Lilly Ltd, Speke	Alpharma (formerly Arthur Cox Pharmaceuticals Ltd), Barnstaple
Lever Bros, Port Sunlight	
CIBA Speciality Chemicals, Duxford	

International Referrals

Bayer, Barcelona, Spain	Boehringer Ingelheim, Rio de Janeiro, Brazil
GlaxoSmithKline, USA	Colgate-Palmolive, Saudi Arabia
GlaxoSmithKline, Colombo, Sri Lanka	Allergan Pharmaceuticals, West Port, Ireland
GlaxoSmithKline, Singapore	Abbott Laboratories Ltd, Cootehill, Ireland
Wyeth, USA	BYK Quimica, São Paulo, Brazil
Wyeth, Singapore	Preference Chemicals, Cork, Ireland
Schering Plough Ind, Rio de Janeiro, Brazil	Aristopharma Ltd, Dhaka, Bangladesh
Schering Plough, Singapore	Biesdorf, Barcelona, Spain
Hoffman LaRoche USA	Codifar, Lisbon, Portugal
Solvay Pharma, Barcelona, Spain	Grupo Grifols, Barcelona, Spain
Pfizer, Singapore	JB Chemicals, Panoli, India
Merck, USA	Kabi Pfrimer SA, Argentona, Spain
Merck Pharma Y Quimica, Barcelona, Spain	Laboratorios Ferrer, Barcelona, Spain
Productos Roche Quimicos e Farmacêuticas SA, Rio de Janeiro, Brazil	Laboratorios Lacer, Barcelona, Spain
Sandoz Pharma, Barcelona, Spain	Laboratorios Lasa, Barcelona
Boehringer Ingelheim, Barcelona, Spain	Laboratorios Menarini, Barcelona, Spain
	Unichema Iberica, Barcelona, Spain
	Unique Pharma, India
